The 2011 TUG National Users Conference & Workshops is designed to bring together expert users, new users and potential users of the Sage Timberline Office software to share knowledge, ideas and experiences.

Highlights of this year's conference include:

- Over 50 educational sessions featuring tracks in Accounting, Project Management, Reporting, Estimating, Management Tools and Information Technology
- Various hands-on labs
- Exhibitor presentations
- One-on-one assistance
- Opportunities to earn up to 28 continuing professional education (CPE) credits
- Great networking opportunities
- Anticipated attendance of over 500
- And . . . a little fun!

"All of these outstanding sessions, activities and resources are why the TUG conference is so great," says Natalie Allen, with R&O Construction, and TUG president. "Users networking with users to share their knowledge and get the most use and diversity that they can from Sage Timberline Office Software. Personally, my favorite aspect of the conference is meeting people that have the same issues, sharing information and ideas, and making connections with others who I can help or call on if I need help. Of course, that's what TUG is all about."

Make your plans now to join TUG in April in beautiful Grapevine, Texas, for what promises to be the must-attend educational event of the year. For additional information, including conference registration and multiple attendee discounts, session details, hotel accommodations and much more, visit [www.TUGweb.com](http://www.TUGweb.com) today to access the 2011 TUG National Users Conference & Workshops Web site.
